

Timber, Trees and Real Estate:

The Effect Trees and Timber Can Have on Real Estate Values and Things a Professional Should Consider

Instructed By

Troy W. Dana

Designated Broker

Hodges Commercial Real Estate

Forestland Marketing

This 2-day, 18 CE/15 CLE course is designed to inform business professionals as well as other individuals of the influence that certain trees and timber types may have on Real Estate Values in the Pacific Northwest. The goal of the course is to provide students with contacts, resources and instruction so that they are better informed of current trends relating to timber, trees and specialty products.

Classes will be held at:

Tumwater Tyee Center

November 30th & December 1st

8:00am – 5:00pm

\$175.00

Hodges Commercial School of Real Estate
